ABOUT US

GOLDEN SPIKE ROOFING

Golden Spike Roofing, Inc., was founded in 2010 by the owner Michael "Spike" McCarthy and his wife Christie Gorman-McCarthy. After working for another large roofing company for twelve and a half years Spike decided to part ways with that business after restructuring, and yearly bonuses were eliminated. Spike had helped that business grow from earning approximately 2 million per year in business, to over 8 million per year while working as the Operations Manager, and he was confident that he could grow his own business from the ground up. Golden Spike Roofing, Inc., was founded with the goal of providing a quality service for a fair price.

Since our founding Golden Spike Roofing, Inc., has enjoyed five-star review after five-star review. Our project managers and roofing crews all take pride in our projects, and customer satisfaction has always been our utmost priority. We are fully insured and carry roofing licenses in over 50 municipalities around the state. We serve the front range communities from Larkspur to Loveland, the foothill communities, and our friends out east in the towns and cities of Elbert County.

Our services include residential and light commercial roofing. We install asphalt shingles, concrete tiles, cedar shakes, stone coated steel roofs, and synthetic shake or slate. We have crews that specialize in steep slope roofing as well as flat roof membranes and roof coatings. We have a repair division to meet the needs of those who don't need a full new roof, but have roofing issues like leaks, ventilation issues, damage from other trades or from natural disasters, like lightning strikes or fallen branches, and more.

Our Motto

Our motto is "Roofing done right to the last nail." This motto is derived from the company name; the 'Golden Spike' refers to the last railroad spike and ceremony that was installed in the intercontinental railway near Ogden, Utah.
